birth day zine.

# 39 DECO

- birthday zine -

# FOREWORD

DECO\*27's name is known to every Vocaloid fan and to say that he had a massive impact on the community won't be an exaggeration. Not only he is one of the most prolific producers, but with his debut being on October 8th of 2008, he is also someone who has been active for a long time.

With almost 20 years of work behind him, DECO\*27's successes are abundant: from a huge amount of popular songs to anniversary celebrations, theme songs and collaboration songs, as well as demos of upcoming Miku voicebanks.

DECO\*27's songs often revolve around love, expressed in multiple ways – from family, friends, self-love and more. On his 39th birthday, we want to return all that love and show the appreciation the community has towards his work and talent.

For the Vocaloid community “39” is more than just a number. In Japanese, it can be read as “*mi-ku*” and “*san-kyuu*”, making it a wordplay on both Miku's name and the English “*Thank you*”. With 27 artists and 39 pages, this zine is dedicated to DECO\*27, as a huge thank you for all his wonderful work and a wish for many birthdays to come!
